

## **Skittles night rules of engagement!**

**Goals:** Best scoring man, woman, team and least scoring team

- A team consists of 6 people allocated on arrival. If you have less team members take it in turns to have an extra go to make up the numbers
- Name your team and let the organiser know the team name
- Each round allocate 2 skittle 'picker-uppers' and pin removers out of your team
- 1 person in the team to record the score of every team member in each round and team overall score for the round
- Every team member has 3 goes each per round so you may need to swop roles
- Under arm throw only
- If you get a strike all the pins are put up again but you still only have 3 goes
- Balls that hit the back wall first and rebound do not count. No score if you hit the side walls.
- Please record your individual team members score as well as your team score per round
- No hitting, biting, spitting or fighting!

Team Name .....

Individual Name	Round 1	Round 2	Round 3	Individual Total
Team Total
